AquaSoar Activator

SECTION 3 — COMPOSITION/INFORMATION ON INGREDIENTS

Product is a Mixture according to 29 CFR 1910.1200. Chemical Name

HYDROCHLORIC ACID

CAS Number % 7647-01-0 10-30%

Impurities and stabilizing additives, which are themselves classified and which contribute to the classification of the chemical: None Specific chemical identity and/or exact percentage (concentration) of composition has been withheld in accordance with a trade secret claim according to Appendix E 29 CFR 1910.1201.

SECTION 4 — FIRST-AID MEASURES

SECTION 4 — FIRST-AID WEASORES

Note to Physician: Treat symptomatically and supportively. Show this SDS to the doctor in attendance.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower.

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing.

IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Immediately call a POISON CENTER/doctor. Never give anything by mouth to an unconscious person.

SECTION 5 — FIRE-FIGHTING MEASURES

This product is not flammable and not explosive. As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH approved (or equivalent), and full protective gear.

Product does not increase any hazards commonly associated with fire.

Use extinguishing devices in accordance with government directives. Use apropriate extinguishing media for surrounding materials.

SECTION 6 — ACCIDENTAL RELEASE MEASURES

Contain spills and dispose according to local and federal regulations. Observe the protection measures described in Section 8. Avoid materials and products which are incompatible with the product as shown in Section 10. Never dispose of this or any industrial cleaning product with residential waste. ELIMINATE all ignition sources (no smoking, flares, sparks or flames in the immediate area. Isolate hazard area. Keep unnecessary and unprotected personnel from entering. See Section 13 for disposal methods.

SECTION 7 — HANDLING AND STORAGE

STORAGE: Store in an original, tightly closed container in a secure area out of reach of children and domestic animals away from sources of heat. Do not store food, beverages or tobacco products in the storage area. Store away from incompatible materials (see Section 10). Handle in accordance with good industrial hygiene and safety practices. If product becomes frozen, thaw and mix well before use. Store in non-metal container with non-metal inner liner.

HANDLING: Use proper personal protective equipment as indicated in Section 8. Avoid contact with eyes, skin or clothing. Avoid inhalation and use only in well-ventilated areas. Wash thoroughly with soap and water after handling.

SECTION 8 — EXPOSURE CONTROLS / PERSONAL PROTECTION				
Chemical Name	OSHA PEL	ACGIH TLV		
HYDROCHLORIC ACID	5 mg/m3	5 mg/m3		
Eye Protection:	Use chemical safety glasses to avoid eye contact.			
Hand Protection:	Use impervious and chemical resistant gloves.			

Skin and Body:Use impervious body covering clothes and shoes.Hygiene Measures: Eye wash station and safety shower should be provided. Do not eat drink or smoke where material is stored,
handled or used. Wash hands thoroughly after handling and before eating or smoking.

AquaSoar Activator

SECTION 9 — PHYSICAL AND CHEMICAL PROPERTIES

Appearance:	Colorless liquid
Odor:	Characteristic
pH:	<2
Relative Density:	1.09 (Water = 1.00)
Melting point/freezing point:	Not Available
Solubility in Water:	Complete at recommended dilutions
Flash Point:	Not Available
Flammability:	Not Flammable

Vapor pressure, odor threshold, vapor density, initial boiling point, boiling range, evaporation rate, upper/lower flammability or explosive limits, auto-ignition temperature and viscosity are either not relevant to this type of material or not available. **Note**: The above properties are typical values and are not to be construed as a guaranteed analysis for any specific lot or as specifications for the product.

SECTION 10 — STABILITY AND REACTIVITY				
Reactivity:	Product will react with incompatible materials to generate heat			
Chemical Stability:	Stable under ordinary conditions of use and storage			
Possibility of Hazardous Reactions:	Product can generate heat if exposed to incompatibilities			
Hazardous Decomposition Products:	None known			
Hazardous Polymerization:	Will not occur			
Incompatibilities:	This product is not compatible with strong bleach and alkaline chemicals			
Conditions to Avoid:	Do not dispose of this product with residential waste			
	Excessive heat			
Safety Issues That May Arise Should Product Change in Physical Appearance:				
	Dispose of product immediately per Section 13 should it become discolored.			
SECTION 11 — TOXICOLOGICAL INFORMATION				
Likely Routes of Exposure:	Skin, inhalation, ingestion and eye contact			
Acute Toxicity:	No information available on this product.			
Symptoms related to the physical, chemical a	nd toxicological characteristics:			
	Contact with concentrated product can cause physical damage to eyes or skin			
Delayed and immediate effects and also chro	nic effects from short- and long-term exposure:			
	Contact with skin or eyes already damaged by product can cause further damage			
Numerical measures of toxicity:	None known			
Carcinogenicity:	Not classified by IARC, OSHA, or EPA. Not included in NTP 12 the report on			
	carcinogens.			
SECTION 12 — ECOLOGICAL INFORMATION				
Ecotoxicity:	This product may be toxic to aquatic life in high concentrations.			
Persistence and degradability:	Majority of product quickly degrades to naturally occurring molecules. No			
	detectable environmental persistence expected from regular use.			
Bioaccumulative potential:	Will not bioaccumulate under normal use.			
Mobility in soil:	No data available.			
SE	CTION 13 — DISPOSAL CONSIDERATIONS			
Dispose of in a manner consistent with federal, state, and local regulations. Chemical waste generators must determine whether a				

Dispose of in a manner consistent with federal, state, and local regulations. Chemical waste generators must determine whether a discarded chemical is classified as a hazardous waste. US EPA guidelines for the classification determination are listed in 40 CFR Parts 261. Additionally, waste generators must consult state and local hazardous waste regulations to ensure complete and accurate classification. Observe all federal, state, and local environmental regulations.

Use all material. Do not waste. Rinse product to drain after use; follow with plenty of water.

AquaSoar Activator

S	ECTION 14 — TRANSPORT	INFORMATION			
U.S. Department of Transportation (DOT) Classification:					
	UN Number:	1789			
	Proper Shipping Name:	CORROSIVE LIQUID, ACIDIC, INORGANIC,			
		N.O.S. (CONTAINS HYDROCHLORIC ACID)			
	Transport Hazard Class:	8			
	Packing Group:	П			
	Environmental Hazards:	No hazards other than as already noted in this document			
	Transport in Bulk:				
Canadian Transportation of Dangerous Good	ls (TDG) Regulations:				
	Identical to U.S. DOT ab	ove.			
International Maritime Dangerous Goods (IN	International Maritime Dangerous Goods (IMDG) Code:				
	Identical to U.S. DOT ab	ove.			
International Air Transport Association (IATA	A) Dangerous Goods Regul	ations:			
	Not intended for shipme	ent under this jurisdiction.			
SI	SECTION 15 — REGULATORY INFORMATION				
Waste Classification: If this product becomes	a waste, it does not meet	the criteria of a hazardous waste as defined under 40 CFR			
261, in that it does not exhibit the characteristics of hazardous waste of Subpart C, nor is it listed as a hazardous waste under Subpart D.					
US. California Safe Drinking Water & Toxic Enforcement Act (Proposition 65): This product does not contain any chemicals known					
to State of California to cause cancer, birth defects or any other reproductive harm.					
	SECTION 16 — OTHER IN	IFORMATION			
Reason for Revision:	Update company websit	te in Section 1. Improve phrase formatting in Section 2.			
Prepared by:	Chemical Regulatory De	partment
